FOREWORD

With the pace of business and societal changes becoming ever more complex, faster and spanning borders, business leaders must thrive in an ever-changing environment.

Old methods of thinking are no longer suited to the challenges of tomorrow, so, at Rennes School of Business we believe that education is the key to helping students step out of existing frameworks.

With 95% of faculty members and 55% of students coming from outside of France, Rennes School of Business brings the world to our students by opening their minds towards other cultures. Our mission: to allow students to think beyond the framework by living a unique and international experience that will stay with them forever and turn education into a true exchange.

Thinking beyond the framework is about standing out from the rest, working differently, discovering new fields and anticipating tomorrow's challenges to make way for a better and more innovative future.

The quality of our processes, faculty, research and programmes has been endorsed by the leading international accreditation organisations. Rennes School of Business is one of less than 1% of Business Schools in the world to hold EQUIS, AACSB and AMBA "triple crown" accreditation status. This guarantee of quality is our promise to our students and partners.

I look forward to welcoming you to Rennes School of Business. ”

THE "WELCOME TO FRANCE" LABEL

Rennes School of Business has acquired the "Welcome to France" label, a certification issued by Campus France which attests to the quality of our international student support services.

AREAS OF EXCELLENCE

Rennes School of Business has a deep strategic commitment to high quality, impactful research.

We believe that research must be of high academic quality.

Part of this commitment is the creation of a Research Lab, which channels the majority of the school's research activities and hosts our four Areas of Excellence:

MIND

(Meaning, Institutions and collective intelligence, Information diffusion, Networks and decision-making)

AI-DRIVEN BUSINESS

(Intelligence, Data-Driven Global Business)

AGRIBUSINESS

(Agribusiness, Sustainable Development and CSR)

GREEN, DIGITAL, & DEMAND-DRIVEN SUPPLY CHAIN MANAGEMENT (G3D)

RENNES SB ALSO HAS TWO PEDAGOGICAL CHAIRS:

CHAIRE OF GÉOPOLITICS

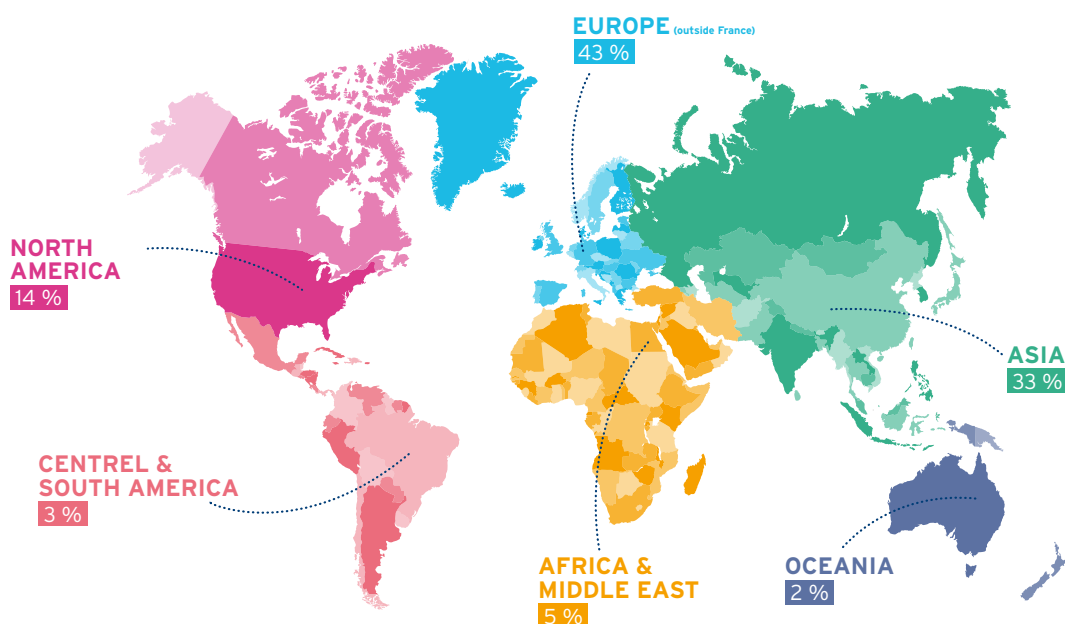

CHAIRE IN CYBER RISK GOVERNANCE

The Research Lab at Rennes SB addresses current issues relevant to organisations and institutions. It is trans-disciplinary in nature, cutting through multiple management disciplines and organised around its 4 areas of excellence. A strong anchoring of research activities in a school and internationally recognised professors are a major asset for all.

Studying at Rennes SB was an amazing stage in my life in which I could learn from excellent professors and students coming from all around the world. It made me understand Business and Finance from other cultural perspectives but also made me find friends for life. Being a graduate student from Rennes SB has given me many opportunities in big international companies to continue growing professionally. Currently, I am involved in processes migrations in multinational Shared Services and Finance Centers, mainly in Treasury, Working Capital, Internal Control and Fraud Prevention.

“

Like all Grandes Écoles, Rennes SB offers a high level of academic quality. However, in my opinion, the aspect that makes the difference is the international dimension. I was able to choose among the numerous double degrees and decided to attend Tongji University in Shanghai. Following my exchange, I stayed in Asia and now work in Hong Kong. I feel that I really made the most of my experience.

Maxime Verbena,

”

After a couple of years of working in the mobile internet sector in China, I decided to join Rennes SB. This adventure has privileged me with a rapid access to some cutting-edged topics and very innovative practices in this domain, in horizontal and vertical senses. I felt very often enlightened and inspired by the insights shared by professors and also experts in this field. In addition, the school atmosphere is very dynamic, emphasising the involvement of international students in various social activities offering exposure to French language and culture. For younger students, it is a highly desirable, enriching and impressive experience of self-exploration. This can definitely act as a springboard for their personal development.

Jing Jin, Chinese alumna

“

There are a lot of reasons why studying at Rennes School of Business was amazing. Classes here are practical, almost all professors provided us with real examples from their own experience and also we organised some events by ourselves. On top of all that, I now truly have friends from all over the world.

Anna Zhukova,
Russian alumna

”

Studying at Rennes SB has been an amazing experience that surpassed my expectations. First of all, I learned to work in a really diverse and international environment, and I enjoyed learning of cultures from all around the world. Secondly, Rennes SB is truly a Business School that focuses on developing the students' skills and provides us with practical tools that can be easily applied in companies and always in an international context. Thirdly, the School encourages students to think in a creative way, making the exchange of ideas amazing when working in teams. I really enjoyed studying at Rennes SB since it helped me to grow personally and professionally.

Mariana Velandia, Mexican alumna

I was very lucky to be able to study my master's degree at Rennes Business School! There are world-class excellent professors here, and the setting of courses closely follows the dynamics of market trend. A variety of lectures, talks, group projects, etc. allowed me not only to learn advanced knowledge, but also to improve my soft skills such as speaking and teamwork. The career coaching and recruitment platform provided by the school allowed us to go one step further from our dreams. After graduation, with my study experience, skills and degree at Rennes Business School, I successfully got a job opportunity in Prada. I am very grateful to the school.

STUDENT SATISFACTION IS OUR PRIORITY

ONE QUESTION
ONE PLACE,
ALOHA SQUARE!

The student experience unfolds through actions and specialised tools:

- Easy access to information for students through Aloha Square: a reception area with an administrative helpdesk, a blog and an online app.
- Active participation by students in day-to-day school life and the VOICE design sprint Valorise Organisational Intelligence, Collaboration & Empowerment: a collaborative project with the aim of promoting teamwork between students, administration and professors.
- A Junior Advisory Board.
- Multicultural exchanges in associations and in the classroom.

FRENCH PUBLIC HEALTH INSURANCE FOR INTERNATIONAL STUDENTS

The French social security system is mandatory, but free of charge for any Rennes School of Business student. For medical cover during the first three months, the school strongly advises students to take out a private social security insurance contract in their home country.

WELCOME SERVICES

THE WELCOME OFFICE //

supports students with accommodation and administrative procedures (Housing allowance, health care registration...)

The welcome office facilitates the obtention of a resident permit through a privileged partnership with the French immigration administrative office (préfecture)

WELL'COME ASSOCIATION //

(the international student association) helps international students settle into the school and life in Rennes. Not only does it pick them up at the station or airport on their arrival, it also organises tourist trips (Mont St. Michel, Paris, etc.) and sports events.

CHECK-IN //

The school organises an Aloha check-in for all international students upon their arrival. Students will have the opportunity to finalise their administrative enrolment and find a wide range of services in one place: healthcare, residence permits, banking, internet providers, mobile phones, bus passes, etc.

WELCOME EVENTS //

Campus Game, to discover the school, the staff, the faculty and facilities. Campus Festival, to meet the Rennes School of Business community through music and sports events.

RESPONSIBLE BUSINESS LEADERS

DEVELOP RESPONSIBLE PROJECTS WITHIN 26 STUDENT ASSOCIATIONS

Our associations reveal talent of our students by allowing them to manage and develop responsible projects in an operational context, close to the reality of real-life business situations. Both French and international students learn more about multicultural management and teamwork during this hands-on experience.

The 26 associations are divided into five centres of activity:

■ BUSINESS SERVICES

■ STUDENT SERVICES

■ ARTISTIC AND CULTURAL EVENTS

■ SPORTS

■ HUMANITARIAN PROJECTS

“

I chose Rennes SB because the school, which is already committed to sustainability, also offers a specialised master's degree in Sustainable Management and Eco-Innovation. This double degree with Unilasalle engineering school allows students to become responsible leaders. Currently working as a CSR assistant, I am able to use what I learned during this course to sustainably transform my organisation to preserve the environment and to adapt its operations towards sustainable development.

FROM AWARENESS TO ACTION

At Rennes School of Business, we contribute to sustainable development by being innovative and entrepreneurial. We place responsible and sustainable practices at the heart of everyday management and teaching and work together to build a more responsible daily life for students and staff members (e.g., campus events, programmes, student associations, research, human and social policy, student projects, ...).

“
THERE IS NO PLANET B!

The climate crisis is the major challenge we face today. This generation “gets it” and is taking an active role to build a more sustainable world. At Rennes School of Business, we see companies as a force for good. Our goal is to develop responsible business leaders by building a sustainable mindset and behaviours in our students. We want to instil in our graduates a strong sense of ethics and the skills to solve environmental and social problems from a business perspective: “PeoplePlanet-Profit”. This goal is accomplished through teaching, learning by doing and developing self-awareness. Our second goal is to develop an eco-friendly campus by lowering our carbon, energy, and water footprints and excelling in recycling and waste management. This will require a concerted, top priority effort by students, faculty, staff, and stakeholders. There is no Planet B!”

SCHOOL
OF BUSINESS

opening new horizons

AN INTERACTIVE SPACE
TO BRING YOUR CAREER PLAN TO LIFE!

The career passport helps students build their project step by step, based on key skills that will be assessed each year by a professional.

They will start with current project, photos, and CV and will progressively add some elements:

- > After each career activity and Corporate Day.
- > While participating in boosters and advisory sessions to exchange ideas, build on their project and help with the internship/work-study/job search.
- > When completing their internships and/or their work study programme in line with their project.

The career advisor is at student's side to help them construct their career passport, monitor their progress and give them personal guidance if necessary.

THE “UNFRAMED THINKING” PHILOSOPHY

INNOVATIVE TEACHING METHODS

Within the “unframed thinking” philosophy that is embraced in the School’s pedagogical orientation, students are encouraged to challenge their assumptions and to expand their horizons beyond their former boundaries, working with their professors, their peers and the community at large.

Students will use online platforms to brainstorm and debate ideas, engage in school-wide design sprints to test new concepts, support the implementation of student-driven pedagogical initiatives and use creative classroom solutions to foster learning co-creation.

RENNES: AN IDEAL LOCATION

Rennes School of Business is located in Rennes, the capital of the Brittany region of France. Students can take advantage of this central location which allows for quick access to nearby destinations: in just 55 minutes you can breathe in the fresh sea air, the city of lights, Paris, is just 1h30 by train and London is just a 1-hour flight away!

Ranked 3rd best city in France in which to study (L'Étudiant, Overall ranking of student cities 2020-2021) Rennes scores a 10/10 for its attractiveness, its atmosphere and its quality of life. The city also organises 3 days of special events for welcoming students!

In 2020, Rennes is no. 1 among the most attractive major cities in France! The Breton capital took first place in the Arthur Loyd Baromètre 2020 ranking!

Rennes is a vibrant, beautiful city steeped in history and filled with ancient, medieval architecture juxtaposed by modern amenities. It is clearly a student city: the total population of Rennes (426 500 people) includes 70 000 students. Officially ranked by the national press as one of the best student cities, it is constantly developing and expanding.

PARIS CAMPUS

Rennes SB has premises in Paris (9, rue d'Athènes, near Saint-Lazare railway station) to accommodate both Executive Education and initial training students for part-time, full-time or work-study programmes, as well as a place to welcome its professional partners and alumni in a dedicated space.

This enables 22,500 alumni to develop their activities, helping promote the careers of both current and future graduates. This new location also allows the School to be more connected than ever to major national and international companies in the Paris region, particularly supporting the growth of its Executive Education department.

For the students, this campus expands access to the labour market and facilitate their integration into one of the most dynamic zones in Europe, all just 1h25 from Rennes by train!
