Academic Cooperation

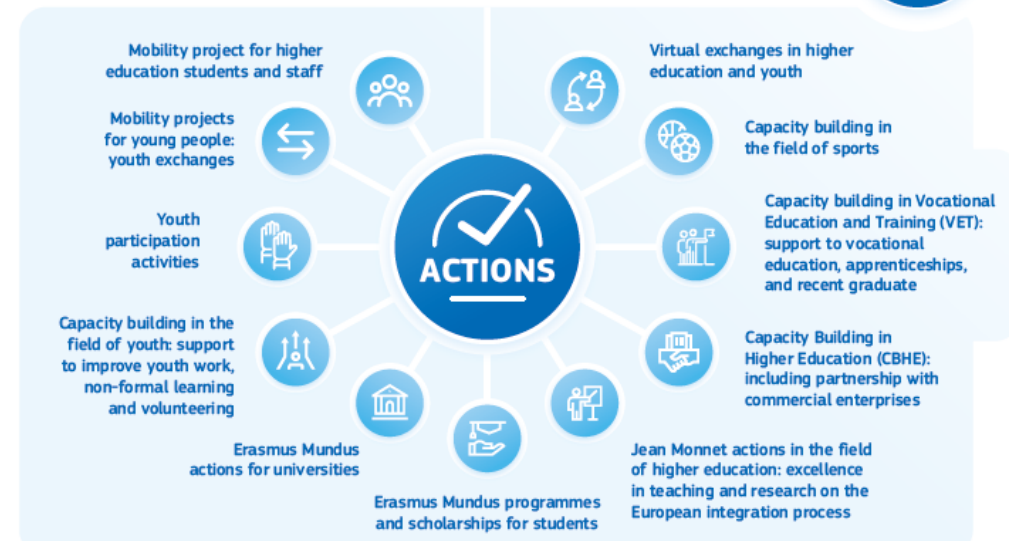

Erasmus+ is the EU's international programme to support education, training, youth and sport. Aiming to develop and facilitate knowledge sharing and experience, it funds cooperation and mobility between Europe and other regions, including the ASEAN region. The programme offers opportunities to individuals and a range of organisations, including universities, education and training providers, research organisations, and private businesses.

In 2020, the programme budget received a 15% increase to €3.78 billion which allowed the programme to support almost 640 000 learning experiences abroad and provided funding to around 20 400 projects and 126 900 organisations worldwide.
